Correct Disposal of this product

This marking indicates that this product should not be disposed of with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

Installation Instruction - SLWP1 LED Wall Pack

1. Use a screwdriver to unscrew the fixture screws and remove the upper half of the fixture.

2. Unscrew the cover of the entry hole on the fixture base and remove the cover.

3. Push the mounting hole onto the junction box.

4. Put the input line into the junction box, pass it through the waterproof pad, and then pass it through the fixture base.

5. Use 4 screws to lock the fixture base onto the embedded junction box.

6. Connect the input wires and the dimming wires of the light.

7. Connect the output wires of the driver with the wires of the PCB board using the quick-disconnect. Use the "Dip Switch" to adjust power and CCT.

8. Use screws to lock the fixture.
